**Subject:** CalEEMod input file request

Ryan, I'm writing to request your assistance in helping me to obtain the air emissions modeling input file(s) used to prepare and present the Air Quality element in the Crystal Geysler DEIR.

Can you possibly provide me with that information, preferably by email?

If you have any questions or comments regarding my request, please feel free to let me know by email or by calling me with use of my number showing below.

Thanks, in advance, for your assistance.
