

STILL BURNING YOUR GARBAGE?

STOP!!!

January 1, 2004

it will no longer be legal.

Burning garbage emits dangerous chemicals into the air. These chemicals remain in the environment long after the fire is extinguished. To protect your health and the health of your family and neighbors, the California Air Resources Board has banned the burning of garbage. Please help us to protect you, your family, your neighbors and the environment by using a garbage collection service or taking your garbage to your local landfill or transfer station. Dry natural vegetation, non glossy paper, cardboard and clean non-treated wood waste from your residence may **ONLY** be burned on **Permissive Burn Days**.

Within city limits and areas with population density greater than 10 people per square mile.

Permissive burn day information, call 1(866)652-2876 or (530) 842-8123.

For more information call, the Siskiyou County APCD at (530) 841-4029.
