TURN AROUND

**Intensive
Outpatient Treatment
and Recovery**

TURN AROUND TREATMENT AND RECOVERY

Turn Around is an Intensive Outpatient Treatment program with individualized treatment planning for substance dependent clients. Services are offered three hours per day, three days per week, for a total of 60 treatment days or 240 hours.

Turn Around is open to any adult who is appropriate for treatment in an outpatient setting.

Clients may self refer, and referrals are accepted from the courts, Probation, Parole, or other agencies.

Treatment is focused on maintaining sobriety and re-establishing a healthy life in the community. This is a clean and sober treatment program.

THE PROGRAM

INCLUDES:

- Assessment of each client to determine appropriate level of treatment.
 - Intensive education about the disease of chemical dependency and its effects on individuals and families.
 - Individualized treatment planning and goal setting, and the support and treatment needed to reach those goals.
 - Group and individual counseling with case management as needed.
 - Case Management focused on obtaining needed resources in the following areas: job training and/or job search; education; securing safe housing; and obtaining child care.
 - Inter-agency meetings and coordination of services.
 - Grounding in the 12-step philosophy
 - Regular status reports to courts and Child Protective Services as required.
 - Referrals to primary medical and pediatric care.
