TERMINATION OF DECLARATION

DECLARATION OF FIRE SEASON

November 13, 2023

Decreased flammability of forest fuels and grasses due to recent rains and cooler temperatures across the region has lowered the threat of wildfires. Therefore, the Declaration of Fire Season that became effective 06:00 a.m. on June 05, 2023, is being terminated effective 06:00 a.m. on November 13, 2023.

Those areas where the Declaration of Fire Season is terminated by this document are:
ALL STATE RESPONSIBILITY AREA LANDS WITHIN THE COUNTY OF SISKIYOU.

The Declaration implemented the Fire Prevention requirements of Public Resources Code sections 4292 to 4296.

A handwritten signature in blue ink, appearing to read "Darryl A. Laws".
