Facility Name: Mount Shasta Resort

The marked items represent Health Code violations and must be corrected as follows:

- 13) Observed excessive dirt inside and outside of the prep line hood system. Observed excessive dirt on all the ware storage racks. Observed excessive dirt on all hanging storage racks on prep line. Observed excessive dirt on all food storage racks throughout the facility. Maintain these storage racks in a clean and serviceable condition at all times. Clean asap.
- 13) Observed excessive dirt on the protective guards on the compressor fans located inside the walk-in cooler. Clean asap.
- 13) Observed excessive dirt and buildup on the floors of the walk-in cooler. Maintain these floors in a clean condition at all times. Clean asap.
- 13) Observed excessive dirt and buildup on and around can opener in the food preparation area. Clean asap.
- 13) Observed excessive dirt on many utensils hanging on the utensil storage racks located on the prep line. Maintain all utensils in a cleanly manner at all times. Wash, Rinse, Sanitize, and Air Dry all dirty utensils immediately.
- 14) Observed a split/break in the stainless steel surface of the ware washing drain board. Maintain all equipment in a serviceable condition. Replace or repair within 60 days.
- 14) Observed that the steel kick panel on the walk-in cooler door is damaged, unserviceable, and un-cleanable. Maintain all equipment in a serviceable condition. Replace or repair within 60 days.
- 14) Observed rust and missing paint from the floor mixer. Maintain all equipment in a serviceable and cleanable condition. Repair or replace within 60 days.
- 14) Observed the faceplate of the countertop mixer bent and peeling off of the equipment and is no longer cleanable. Maintain all equipment in a cleanable and serviceable condition. Repair or Replace within 60 days.
- 15) Observed cracked and burnt silicone spatula hanging on the utensil storage hanger on food prep line. This item is no longer serviceable. Discontinue use and remove from facility.
- 17) Observed single use paper towels stored on the counter next to the hand washing station located in the bar area. Store all single use paper towels used at hand washing stations in a dispenser. Correct asap.
- 29) Observed excessive dirt and buildup on the floors and in hard to reach places, throughout the facility Maintain floors in a clean condition at all times. Clean asap.
- 29) Observed broken tiles on the floor in the kitchen. Floors are to be smooth, durable, easily cleanable, and non-absorbent at all times. These broken tiles no longer meet these conditions. Repair within 60 days.
- 29) Observed broken and missing baseboard tiles in the kitchen area. These areas are completely black from damage associated with the missing tiles. These areas are no longer in compliance with being cleanable, durable, smooth, and non-absorbent. Repair within 60 days.
- 30) Observed holes in the walls located in the food preparation area. Observed a large hole in the FRP of the janitorial wall. Observed paint peeling from the wall in the ware washing area from suspected water damage. Walls are to be smooth, durable, easily cleanable, and non-absorbent at all times in these areas. Repair within 60 days.
- 30) Observed damage to finish and plaster on many corners of the walls throughout kitchen. As noted previously, the walls are required to be smooth, durable, easily cleanable, and non-absorbent. Repair within 60 days.
