Effective November 15, 2017, it shall be unlawful and a public nuisance within the unincorporated areas of the County to camp or squat upon private property without a legally established residence, on private property that is outside of a designated campground, or on a property with other lawful entitlements to camp unless such person has been issued a permit to do so by the County Planning Division.

Permit Issuance and Requirements

An administrative permit to camp outside designated campgrounds on private property that does not have a legally established residence shall be issued by the Planning Director upon application by a property owner for a period not to exceed fifteen (15) days, subject to compliance with all of the following:

1. At the termination of the term of camping, all tents and temporary structures or shelters shall be removed from the subject property.
2. At the termination of the term of camping, all garbage, trash, or other waste shall be removed and properly disposed of.
3. All use of camp fires or burning shall be in compliance with this code and state law, and pursuant to any required permits.

Permit Renewal

The Planning Director may renew or reissue an administrative permit to camp one or more times in a calendar year, so long as the cumulative period of camping authorized on the subject property does not exceed thirty (30) days in one calendar year.
