Public Participation Plan

STAGE
190 Greenhorn Road
Yreka, CA 96097
(530) 842-8220

Approved by the Board of Supervisors September 5, 2023

Introduction

As part of the Title VI Program, Siskiyou County Transit and General Express (STAGE) has had to change its public participation processes because of Covid-19. STAGE has enhanced its strategies and engaged those underserved and Limited English Proficient individuals with translation apps. This strategy has proven to be proficient and has become our first point of communication. This plan outlines the importance of and provides guidelines for involving the public in STAGE planning efforts to ensure that all groups are represented and their needs considered.

Purpose of This Plan

STAGE is committed to ensuring it serves the communities in which it operates fairly, consistently and in the most cost-efficient and appropriate manner using available resources. Through conversation and collaboration with riders, prospective riders, and the larger surrounding community, STAGE will be able to assess the quality of its service, measure potential impacts to the community from STAGE initiative or proposed initiatives and ensure that it is providing valuable services to the residents and visitors of Siskiyou County. .

STAGE's public participation planning ensures that:

- Residents with concerns or interests will have an appropriate opportunity to participate in decisions about STAGE services and will be notified of these opportunities to provide input.
- Community involvement and contribution will be included in the development of the plans, passenger amenities and improvements at STAGE.
- Concerns of all persons or groups participating in the process, current and future users of STAGE will be considered in the development of the plan and location of transit services and amenities.

Public Participation Process

The public participation process should be considered at the earliest stages of any STAGE project that may impact the surrounding community, STAGE riders and potential riders. As projects vary in time and size, the public participation process may vary for each, as well as the extent of public participation. STAGE uses several strategies to provide interested parties with reasonable opportunities to be involved in the planning process.

Approach to Public Participation

At any time, members of the public are welcome to submit comments or concerns to STAGE via email (stage@co.siskiyou.ca.us), by submitting a “comment” on STAGE’s webpage, or submit or mail to the STAGE office 190 Greenhorn Road, Yreka, CA 96097.

At the beginning of all projects staff will evaluate the project and determine which strategies will be utilized to encourage public participation and would best serve all of those affected or possibly affected by the project, including those in the underserved communities. At any time during the project, it may be reevaluated and if appropriate, additional public participation activities will be sought out.

Outreach Requirements and Activities

Any information about public participation opportunities will be posted at least two weeks prior to the event. At a minimum notice will be posted at the STAGE office, on-board transit vehicles, and on the STAGE website.

The following is a non-inclusive list of participation strategies and techniques that may be utilized:

- **Notify the public**

There are a variety of ways to get notices out to the public, some of them include sending out blast e-mails, posting and/or distributing notices at key community locations, sending a newsletter, creating printed material, having the information electronically accessible, using local media sources, having notices placed in buses and at stops, or creating public utility bill insert.

- **Hold a meeting, workshop or open house**

Partner with community-based organizations for targeted outreach, hold a facilitated discussion or question and answer sessions with planners, create interactive exercises or customized presentations using some form of visual aids such as maps, charts, illustrations, photographs, or table-top displays. Hold meetings at varied dates, times and locations to ensure that all riders and potential riders in the STAGE service area have equal access and opportunity to participate.

- **Conduct a poll or survey**

Written or telephone polls, electronic surveys via website or email, intercept interviews where people congregate such as hubs or on buses and printed surveys distributed at meetings, on board the transit vehicles or community locations.

- **Create and distribute printed materials**

Distributed in numerous ways, working with community-based organizations to hand deliver flyers, mailing to a targeted database or distribution list, distribute 'take-one' flyers to key community organizations, placing notices on-board buses and at bus stops.

- **Utilize local media and news sources**

News release, submitting human interest stories centered around STAGE projects, invite reporters to meetings, meet with editorial staff, written opinion pieces or commentaries, purchasing ad-space or air time, negotiate inserts into local printed media, arrange for speakers on radio or television, public service announcements.

- **Electronic access to information**

Current and updated website with easily accessible information, audio or video casts, downloadable flyers or printed materials, interactive surveys or comment lines, accessible maps, charts or plans, advance notice of public meetings, event or meeting information posted to website, social media sites, calendars, community and discussion websites.

This is the first year the Limited English Proficient population in STAGE's service area meets the minimum requirements for mandatory translation of documents for the Spanish speaking community. However, STAGE will continue assessing the language needs of citizens in its service area through the Language Assistance Plan. As STAGE expands its services and ridership, it will review the plans and strategies in place to better reach the non-English speaking populations.

In an effort to engage with the LEP community, best efforts will be made to use the following methods to reach those individuals:

- Spanish interpretation of or at public meetings or workshops will be provided by staff as is possible and funding allows.
- Staff has Translation apps available to easily communicate with the LEP community.
- When it is appropriate or necessary, STAGE will make vital information available in Spanish as well, the most populous LEP Language in the STAGE service area.
- Notices will be developed in Spanish and posted with the English notices.

Summary of Outreach Efforts

In the past STAGE has used various ways to engage and distribute information to the public.

- Free Fare Friday is held during the Friday of the County Fair in August. Any person can ride the STAGE for free and staff is on hand to answer questions and give information.
- Booth with information at the Siskiyou Golden Fair in August.
- 2022 riders were given an on-board survey.
- Facebook Page.
- Attending events at the local Community College.
- Via Mobility route research. In 2022, STAGE participated in a route study by Via Mobility. A new design was created that streamlines STAGE routes to offer more efficient travel between communities in Siskiyou County. The new design is user-friendly that simplifies trip planning and attracts more customers to public transit, ensures current customers' travel patterns are not unduly disrupted by changes to the system and they designed a new route that takes advantage of an additional bus available for daily service and creates a more driver-friendly schedule. Via Mobility conducted a survey and researched the Fare data to determine the needs of the community.

Unmet needs hearings are held yearly. Some years, depending on available staffing, more than one meeting is held. These meetings are held at various locations throughout the county. Sometimes they coincide with City Council or other public meetings. A notice for the meeting or unmet needs hearing is posted 5 weeks prior to the meeting date. At the meeting staff takes in unmet needs and service requests, which are then formally addressed at a Siskiyou County Local Transportation Commission (SCLTC) meeting. The SCLTC then takes those requests and refers them to the SSTAC, which reviews all the requests at length and forwards a recommendation to the LTC.

Ongoing outreach efforts include but are not limited to:

- Bulletins, memos and notices posted on each STAGE bus.
- Regular updates to STAGE website and STAGE'S Facebook page.
- Schedules, discount applications and fare information at Chamber of Commerce Offices, Community Resource Centers, Human Services, Behavioral Health and Domestic Violence.

STAGE is committed to serving the local communities throughout its service area. In an effort to create more public participation opportunities STAGE is compiling a list of possible outreach activities to take place in the near future.

Some of those activities are:

- Meeting with the Siskiyou Golden Seniors to teach them how to ride the bus
- Meeting with Community Resource Centers for assistance in reading schedules
- Posting notices at additional locations
- Creating a marketing and advertising campaign pairing with other local businesses
- Coordinate with other service agencies to attend or present information at meetings

Language Assistance Plan

STAGE
190 Greenhorn Road
Yreka, CA 96097
(530) 842-8220

Approved by the Board of Supervisors September 5, 2023

Introduction

This Language Assistance Plan is one component of Siskiyou Transit and General Express's (STAGE) efforts to provide an appropriate mix of language assistance measures so all residents including those who are Limited English Proficient (LEP), can equally contribute to and benefit from the development and improvement of STAGE services and passenger amenities. LEP individuals are those who do not speak English as their primary language and have limited availability to read, write or understand English.

This plan was developed during the process of preparing STAGE's Title VI Plan to ensure that services are accessible to LEP individuals. Title VI of the 1964 Civil Rights Act is one of two federal mandates that guarantee the provision of meaningful access to federally-funded services for LEP individuals:

- Title VI of the 1964 Civil Right Act provides that no person in the United States shall on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity that receives federal financial assistance. This includes meaningful access to LEP customers.
- President's Executive Order 13166, "Improving Access to Services for Persons with Limited English Proficiency" (August 11, 2000): instructs federal agencies to improve access to services by mandating that any federally conducted or assisted programs of activities (i.e. recipients of federal funding) must provide meaningful access to LEP customers.

Overview of STAGE's Service Area and Services

STAGE is a rural public transportation system, operating five routes throughout Siskiyou County.

Routes 1A, 2A and 3A, serve the communities of Weed, Mt Shasta, Dunsmuir, and McCloud; along the Interstate 5 corridor. Route 4 serves the communities of Fort Jones, Etna, Yreka and Hornbrook. Route 5 serves Yreka and Montague and connects riders to the routes traveling to South County. We are currently working on our route to Happy Camp and expect to have it by the end of 2023.

STAGE average ridership over the three previous fiscal years was 27,943 per year.

Language Assistance Goals

This plan has been prepared to address responsibilities as a recipient of federal funding and will outline how to identify any resident who may need language assistance, ways in which assistance may be provided and how to notify LEP persons that assistance is available. STAGE is committed to making its services and programs available to all persons, including those with Limited English Proficiency, as part of its compliance with Title VI of the Civil Rights Act of 1964.

STAGE's goal is to provide meaningful access for LEP customers to all of its services, information and materials by developing a Language Assistance Plan and by regular evaluation of the developed methods and strategies. Efforts to effectively engage LEP individuals will ensure that interests and input of all residents is given equal consideration in the development and improvement of STAGE services.

Results of the Four Factor Analysis

Factor 1: The number or proportion of LEP persons in the service area who may be served or are likely to encounter STAGE services

The U.S. Census Bureau 2021 American Community Survey, table C16001, Language Spoken at Home by the Ability to Speak English estimates that of the 41,910 Siskiyou County Residents over age 5, 9% speak a language other than English. Of those 9%, 2,910 speak Spanish at home. 1,752 of the Spanish residence speak English “very well”, 1,158 speak English less than “very well”, and all other languages resulted in less than 2% of the population. Only 3.4% of these individuals speak English less than “very well”. See Appendix C for full survey.

Siskiyou County, California		
Label	Estimate	Margin of Error
Total	41,910	90
Speak only English	37,980	451
Speak Spanish	2910	386
Speak English “very well”	1,752	326
Speak English less than “very well”	1,158	194

The majority of those with LEP speak Spanish (1179 residents or 2.8%). Which falls inside the Safe Harbor Provision of over 5% or 1,000 individuals (whichever is less).

STAGE has translated its vital materials into Spanish because the Safe Harbor Provision stipulates that, “a recipient provides written translation of vital documents for each eligible LEP language group that constitutes five percent (5%) or 1,000 persons, whichever is less, of the total population of persons eligible to be served or likely to be affected or encountered, then such action will be considered strong evidence of compliance with the recipient’s written translation obligations”.

Factor 2: The frequency with which LEP persons come into contact with the program

STAGE conducted staff and passenger surveys in 2022 to determine the frequency of contact between LEP persons and STAGE services. A verbal survey was given to those who called or came into the STAGE office about services or schedules.

Staff Survey

Of the 8 responses to the staff survey, staff comes into contact with an LEP person, 1-2 times per week; most of the time they are able to communicate okay with the person by using bilingual skill, translate phone apps or available cues and clues, such as having the passenger point to their destination on the schedule. If a driver is unable to communicate with a passenger, they phone the office for assistance or use a translation app or the provided speaking cards.

Full results from the staff survey can be found in Appendix D.

LEP Outreach

In total, 8 persons who walked into or called the office were given and completed the survey.

LEP SURVEY RESULTS							
	Speaks a Language other than English	Speaks English "very well"	Speaks English "OK"	Speaks English "Not Very Well"	Reads English "very well"	Reads English "OK"	Reads English "not very well"
Phone	0	8	0	0	0	8	0

While the response from LEP individuals was small, the information obtained will be used to further improve STAGE services and amenities.

Future LEP outreach efforts will include continuing to identify key organizations or contacts in the community that serve those who are LEP. Additional LEP outreach efforts may be conducted in partnership with any of these key contacts or organizations when an appropriate event or need arises. Making contacts with these people and organizations will be critical as STAGE works to improve the efficiency of its language assistance efforts.

Riding STAGE

Based on survey results, current LEP ridership is minimal.

Calling STAGE

Of those who have called STAGE most were able to communicate very well with staff.

STAGE plays a vital role in the transportation needs of those in the community and is committed to continually working to improve its services and outreach methods, ensuring all citizens, including those typically underserved have access to public transit.

Factor 3: The nature and importance of the program, activity, or service provided by the program to people's lives

STAGE understands that its services are used for life-sustaining activities, such as transportation to and from work, grocery shopping, non-emergency medical appointments, as well as life-enriching activities, such as school and social events. For transit-dependent individuals, STAGE services are important. For this reason, STAGE is committed to continually improving its services for all its riders and potential riders.

To begin understanding the importance of STAGE services to LEP individuals we asked about their access to a vehicle and where they travel on STAGE, most individuals have no access to a car and they all travel a variety of places; school, work, shopping and other were all answers given.

Factor 4: The resources available to the recipient for LEP outreach, as well as the costs associated with that outreach.

As the geographic area in which STAGE serves is vast, outreach will need to be varied and at times, event specific. STAGE Public Participation Plan lays out the types of outreach activities that will be utilized.

A large portion of STAGE outreach efforts will be possible through continuing to cultivate relationships with key contacts within the LEP community. Keeping these contacts informed about STAGE activities, services and events, and working with them to connect with the LEP populations will be an important outreach activity with little or no associated costs.

The table below identifies several potential outreach strategies that may be utilized as is appropriate and their associated costs. Some of these strategies, such as Spanish language advertisements on radio stations and in magazines will be utilized if such outlets are identified and as funds are available.

Implementation Plan

To implement this plan, STAGE has determined that there are 5 essential tasks that need to be completed. Each task has been broken down into milestones to help track the progress that has been made.

Task 1: Identifying LEP Individuals Who Need Language Assistance

To best serve those LEP individuals, STAGE must first identify those who need language assistance. STAGE will be examining records to see if any requests for language assistance have been received in the past. At meetings or public events sponsored by or co-sponsored by STAGE, a staff member will greet all participants as they arrive. By informally engaging the participants in conversation it is possible to gauge the ability to speak and or understand English. STAGE will implement the use of the Census Bureau's Language Identification Flashcards, in the office, on buses and at any public meetings, this will help in identifying the language assistance needs for future meetings as well. If an operator encounters a passenger on the bus who identifies with one of the language flash cards they will forward the contact information and language to STAGE staff for follow-up. Front line staff and operators will be surveyed on their experience concerning any contacts with LEP persons during the previous year.

Task 2: Language Assistance Measures

STAGE will develop a list of language assistance products and methods available in our communities and how they can be accessed. One of the first steps will be networking with other local service agencies that provide services to LEP individuals and seek opportunities for them to also provide STAGE information. STAGE is providing the Language Identification Flashcards at the office and onboard buses. The Title VI Program, including the Language Assistance Plan will be posted on the STAGE website, <https://www.co.siskiyou.ca.us/generalservices/page/stage-siskiyou-transit-and-general-express> and will be available to view at the STAGE office. Currently, the County of Siskiyou employs bilingual persons, who are to provide services when translation of information is needed. Going forward STAGE will take proper steps to secure a professional interpreter service, such as Language Line, and when an interpreter is needed staff will utilize them. Staff as well as vehicle operators utilized the Translation app on their phones to better service the LEP communities.

Interpretation Services

STAGE will continue to make improvements to its services, including securing an interpreter service to provide assistance in translating and interpreting vital documents

and to help the staff when language barriers prevent or hinder communication. However, based on the results of the Four Factor Analysis interpretation services are not required at this time. For small outreach events, training or transit awareness events, bilingual staff members will assist with translation where appropriate and feasible. If it is necessary to do so, STAGE will hire an interpreter through a local or regional service or utilize the phone translation app.

Translation of Vital Documents

Based on the results of the four factor analysis, STAGE is required to translate its vital documents to Spanish.

Going forward, the extent of STAGE's ability and obligation to translate written documents will be determined on a case-by-case basis, by continuous monitoring of census data and looking at elements presented in the Four Factor Analysis.

STAGE's Website

Once individual vital documents are translated they will be made available on the STAGE website. STAGE is reviewing options and will pursue the most appropriate and feasible option for translating its website.

Options include:

- Google Transit has been installed on the County's website.
- Translating only vital information and each corresponding sub-page.
- Professional translation of the entire website and each subpage.

Task 3: Staff Training

STAGE Title VI Program Administrator is developing training guidelines for STAGE staff.

STAGE Staff have been trained to:

- Respond to LEP callers,
- Respond to correspondence from LEPs,
- Respond to LEPs in person,
- Document LEPs needs,
- Respond to civil rights complaints.

For vehicle operators, STAGE is considering strategies for assisting drivers in communicating with LEPs while in the field. These include:

- Using the Translate App

- Information cards with STAGE Language Line information drivers can easily offer to passengers when they cannot communicate,
- Obtaining “I Speak” cards or similar language identification flashcards (see Appendix E).

Task 4: Providing Notice to LEP Persons and Outreach

To ensure that LEP individuals are aware of STAGE’s language assistance measures it will develop simple signage directing those who may use its services to the appropriate information.

Language assistance signage will be posted on each bus, in the main office and on the STAGE website directing those LEP individuals to the appropriate information.

STAGE will continue developing relationships with other organizations and individuals who serve the LEP community. STAGE will also work to develop strategies to spread awareness of the language assistance services.

Task 5: Monitoring, Evaluating, and Updating the Language Assistance Plan

A thorough review of this Language Assistance Plan will be undertaken every three years concurrent with updating and submitting the STAGE Title VI Programs. At that time, the LEP population will be reassessed, to ensure all significant LEP languages are included in STAGE’s language assistance efforts.

STAGE will regularly assess the effectiveness of how it communicates with LEP individuals by including questions about language assistance and information needs on any community survey and having conversations with key contacts who work with LEP persons.

STAGE will track its language assistance efforts by keeping a record of staff interactions with LEP individuals and any Language Line usage reports.

Responsibility for Implementing the Language Assistance Plan

The Title VI Program Administrator will be responsible for overseeing the implementation of this plan and assigning tasks as appropriate.

Membership of Non-Elected Committees and Councils

STAGE does not have any non-elected committees or councils.

Description of Sub recipient Monitoring and Schedule of Sub recipient Title VI Program Submissions

STAGE does not have any sub recipients at this time and does not anticipate expanding to include sub recipients. In the case that STAGE does expand and begin contracting with sub recipients, STAGE will revisit this issue to ensure compliance.

Title VI Equity Analysis

STAGE does not intend to construct or determine sites of new facilities and, therefore, has not undergone a Title VI Equity Analysis. Should STAGE embark on such a project in the future, it will conduct an equity analysis to maintain full compliance with FTA's Title VI regulations.

System-Wide Policies and Service Standards

Vehicle Load Standards

The average of all loads during the peak operating period should not exceed the following load factors for that service type:

- Loads not to exceed 1.0 passenger/seat

Vehicle Headway Standards

Based on the long distances traversed, ridership, demand and transfer opportunities, STAGE operates with varied headways.

On-Time Performance Standards

STAGE endeavors to operate with no early departures before the times shown on the most current schedule.

All trips should be operated “on-time”, defined as departing a published time-point no more than ten (10) minutes later than the published schedule to accommodate the deviation pick-ups.

Service Availability Standards

STAGE is a rural public transportation system, operating 5 routes throughout Siskiyou County.

STAGE services are available to the communities of Yreka, Grenada, Gazelle, Weed, Mt Shasta, Dunsmuir, McCloud, Lake Shastina, Fort Jones, Greenview, Etna, Montague, and Hornbrook.

Vehicle Assignment Policy

Bus assignments take into account the operating characteristics of the various buses with STAGE’s fleet, which are matched to the operating characteristics of the route. Vehicle assignments will be done so as to ensure equitable wear and tear of fleet vehicles through the routes.

Transit Amenities Policy

The following policies will be applied as funding allows:

- Installation of a shelter should be considered at a bus stop with an average per trip boarding of 10 or more passengers. Seating/benches should be considered at bus stops with an average per trip boarding of 5 or more passengers.
- Priority for benches and shelters should be given to bus stops serving senior housing or activity centers, or facilities which serve clients with mobility impairments.
